2013 was an important year for High School Seniors as they continue to pursue professional opportunities and athletic scholarships. Many strong impressions were made at the recent ANB Int'l ID Camp and college coaches are in constant contact with players and ANB coaches.

"Out of 5 High School Seniors, 4 are moving on to college scholarships and one is pursuing his personal goal of being a professional athlete. They have worked hard to learn from their coaches and the ANB philosophy. We are proud to see them succeeding in their own way and with different teams. We will continue to work with all ANB athletes to ensure their dreams become reality," said Academy Director, Bassam Naim.

ANB academy's vision is to become Canada's leading soccer development organization. Its mission is to identify Canadian soccer talent, and to maximize the potential of players at any level, through professional coaching and training.
